Response: 5

**What are some positive attributes of your tutor? My tutor did a great job in:**

Eva was very considerate and was able to adjust her lessons based on my level in math. She honestly taught me a years worth of math in a couple weeks.

**How can the tutor improve to make the student's tutoring lessons more effective? My suggestions for improving the effectiveness of the tutor are:**

if she could have perhaps have been available to answer questions during the week, either through text or email.
